

The GreenSkills 4VET project gets started

GreenSkills4VET
Issue 1

The project's virtual kick-off meeting took place on November 9-10, 2023. All 10 partners joined the meeting that sets the beginning of a project that will last 2 years.

During the meeting, the partners discussed the workplan and the timetable. Environmental trends and problems were also analysed, according to the factors impacting each sector and the relevant production and manufacturing activities.

The partnership

The partnership represents an experimental collaboration between VET institutes at secondary level, companies in the production and manufacturing sector as well as strategic consultancy and training companies:

- Cisita Parma
- C.E. Gadda
- Frigomeccanica SpA
- EPAQL
- AAPIM
- SICLJ
- Dolejši Modni Gumbi
- SCP
- TOKIC
- Prospektiker

Project's activities

The project activities will last two years, from November 2023 to October 2023, and will be divided into five Work Packages:

- WP 1: Project management
 - WP 2: Sector studies
 - WP 3: Education programme and testing at single-sector level
 - WP 4: Education programme and testing at cross-sectoral level
 - WP 5: Multiplier events
-

About the project

Technical & Vocational schools and manufacturing & production companies together with strategic consultancy experts, work together in this project to introduce environmental sustainability topics at school through experiential and work based learning, applied to four European strategic industrial sectors: Agriculture, Mechanics, Textile and Logistics.

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.
